THE USE OF THE NATIONAL TENNIS RATING PROGRAM AND NTRP COMPUTER RATINGS IN THE USTA LEAGUE

The National Tennis Rating Program (NTRP) is the official system for determining the levels of competition for the USTA League. The USTA NTRP Computer Rating System assigns ratings based on play in the local league and at championships and select NTRP tournaments.

1. The National Tennis Rating Program (NTRP) Guidelines define the characteristics of the various NTRP skill levels.
2. The USTA NTRP Computer Rating System is the official system to determine computer ratings for players throughout the country who participate in the USTA League. It is a mathematical system that assigns computer ratings to players by direct and indirect comparison of match results obtained from the USTA League and select NTRP tournaments.
3. A valid NTRP rating level is in effect for two years for individuals 60 years of age or older prior to, or during, the League Year and for three years for individuals 59 years of age or under, or until another valid NTRP rating level is generated. (See *Valid NTRP Computer Ratings Table*)
4. Players with a valid NTRP rating level must enter at that level or higher. (See *Valid NTRP Computer Ratings Table*)
5. Players in the USTA League without a valid computer rating must self-rate in accordance with the *General & Experienced Player Guidelines – Supplement to the NTRP Guidelines*. Factors such as a player's on-court performance, tennis background, and any additional information should be considered in the self-rating decision. When players are rating themselves, if they question at which level they should play, they should place themselves in the higher NTRP level of play.

Note: Players who are good athletes or intend to spend a great deal of time taking lessons and practicing should be aware that their improvement may be significant enough to surpass their original self-rating during the local league season or championship play. To avoid NTRP Dynamic Disqualification, these players should enter at a higher NTRP level of play at the beginning of the local league season.

6. **Players with a Mixed, Tournament or Self-rating who receive a new self-rating that places them at a higher NTRP level at which they are competing must immediately adjust to their new NTRP level. Prior team matches played are valid. Players shall not continue participating at the lower NTRP level.**
7. **Players who are granted an appeal up must immediately adjust to their new NTRP level. Prior team matches played are valid. Players shall not continue participating at the lower NTRP level.**
8. In the USTA League Adult and Mixed National Championship Advancing Divisions, dynamic ratings will be calculated at regular intervals for all participants during local league competition, at the end of the local league season, and either during, or at the end of, District/Area through Sectional Championships.
9. At the USTA League Adult and Mixed National Championships, players will continue to generate dynamic ratings through their last match played, but there will be no NTRP Dynamic Disqualifications at National Championships.
10. After the USTA League Adult and Mixed National Championships, year-end NTRP published levels will be calculated using USTA NTRP Computer Rating System Procedures.
11. In the USTA League Mixed Division, an NTRP level will be calculated for participants who play in that Division exclusively. Year-end ratings will be based on the final dynamic rating generated from local league and championship level competition unless the player has a valid Computer (C) rating from a previous year.

South Carolina Regulation: Teams participating in a Local League at State (LLAS) level, play in a single weekend local league and/or participate on a straight to state team, must have 60% of their roster from South Carolina. In addition to the 60% of the roster being from South Carolina, teams participating on a straight to state team must have **50%** of their roster from the area the team represents. A player's residency will be determined by their address in TennisLink. **The 50% regulation regarding area does not apply to the 65 & Over 9.0 men/women or the 65 & Over Combo 7.5 men.

1.04E(2) Membership. All individuals who compete in the USTA League must be current USTA members in good standing through the local league season. Any individual who progresses to a championship level in the USTA League must be a current USTA member through each championship progression. If a player's membership expires the membership must be immediately renewed or the player is ineligible. Individuals shall only have one USTA membership account/ USTA number. Individuals who obtain more than one USTA membership account/ USTA number may be subject to a grievance and such suspension penalties as outlined under the [League Suspension Point System](#).

1.04E(3) Age. Players must be 18 years of age to be eligible to register and participate in the USTA League program. Each player over the age of 18 shall have reached the required minimum age prior to or during the calendar year in which such player registers and participates in their first local league.

1.04E(4) Player Agreement. All players participating in the USTA League, as a condition of said participation, agree to abide and be bound by the USTA Constitution and Bylaws; the USTA LEAGUE REGULATIONS; the FRIEND AT COURT - *The USTA Handbook of Tennis Rules and Regulations* including THE CODE and Wheelchair Rules of Tennis (unless modified by these USTA LEAGUE REGULATIONS); any other USTA regulations (unless modified by these USTA LEAGUE REGULATIONS); and the standards of good conduct, fair play and good sportsmanship.

1.04E(5) Waiver of Claims. Players participating in the USTA League acknowledge the risks associated with playing competitive tennis, accept those risks voluntarily, and in consideration of their acceptance in the USTA League Program, assume all risks for bodily injury, waive all claims for injury and property damage and release and hold harmless the USTA and the host facility, their officials, employees and agents with respect to any injury or loss caused by negligence or otherwise to the fullest extent permitted by law.

Southern Regulation: Players participating in the USTA League acknowledge the risks associated with playing competitive tennis, accept those risks voluntarily, and in consideration of their acceptance in the USTA League Program, assume all risks for bodily injury, waive all claims for injury and property damage and release and hold harmless the USTA Southern and the host facility, their officials, employees and agents with respect to any injury or loss caused by negligence or otherwise to the fullest extent permitted by law.

South Carolina Regulation: Players participating in the USTA League acknowledge the risks associated with playing competitive tennis, accept those risks voluntarily, and in consideration of their acceptance in the USTA League Program, assume all risks for bodily injury, waive all claims for injury and property damage and release and hold harmless USTA South Carolina and the host facility, their officials, employees and agents with respect to any injury or loss caused by negligence or otherwise to the fullest permitted by law.

1.04F Official League Rating Program. The National Tennis Rating Program (NTRP) is the official system for rating levels of competition for the USTA League.

1.04F(1) Entry. A player without a valid NTRP rating level in TennisLink, a returning player with an expired NTRP rating level, a Tournament Exclusive (T), Mixed Exclusive (M), or Automatic Appeal–Mixed or Tournament Exclusive (A) rated player who does not have a valid Computer (C) rating from a previous year, or does not have a valid Self (S) rating, and chooses to participate in the Adult Division, must self-rate to be assigned a new rating, reassigned to their last expired rating or a higher rating based on their playing history to enter the USTA League Program as shown in the following table:

1.04F(1)a Players with a Mixed, Tournament or Self-rating who receive a new self-rating that places them at a higher NTRP level at which they are competing must immediately adjust to their new NTRP level. Prior team matches played are valid. Players shall not continue participating at the lower NTRP level.

1.04F(1)b Players who are granted an appeal up must immediately adjust to their new NTRP level. Prior team matches played are valid. Players shall not continue participating at the lower NTRP level.

NTRP RATING LEVEL FOR ENTRY INTO LEAGUE PLAY		
DIVISION	AGE GROUP	PLAYER'S NTRP RATING LEVEL
ADULT	18 & Over 40 & Over 55 & Over Straight NTRP Levels 65 & Over 70 & Over Straight NTRP Levels	Current NTRP level and/or up to one level higher than the player's current NTRP level.
	55 & Over 65 & Over Combined NTRP Levels	Combined NTRP rating levels of partners shall not exceed the team NTRP level. NTRP rating level difference between partners shall not exceed 1.0. The minimum NTRP Level for: 6.0 is 2.5; 7.0 is 3.0; 8.0 is 3.5; 9.0 is 4.0

	18 & Over 40 & Over Combined NTRP Levels	Combined NTRP rating levels of partners shall not exceed the team NTRP level. NTRP difference between partners shall not exceed 1.0. The minimum NTRP Level for: 6.0 is 2.5; 7.0 is 3.0; 8.0 is 3.5; 9.0 is 4.0; 10.0 is 4.5.

1.04F(1)c Rating levels are derived in accordance with the USTA NTRP Computer Rating System Procedures. Once a player is assigned a valid Computer (C) NTRP rating level, it is valid for the Adult and Mixed Divisions for all players 59 years of age or under for three consecutive years or until another NTRP published rating level is generated. For players 60 years of age or over, a valid Computer (C) NTRP rating level is valid to play in the Adult and Mixed Divisions for two consecutive years or until another NTRP published rating level is generated. (See *Reg. 1.04F(1)b* and *c* and *Valid NTRP Computer Ratings Table*).

Southern Regulation: Match results from Southern NTRP Tournaments in TennisLink and/or Serve Tennis will be included in the 2026 year-end ratings. Players who participate in NTRP tournaments exclusively will generate a tournament-exclusive (T) rating contingent on enough match play.

1.04F(1)d Mixed results will not be part of generating a player's year-end rating, except for those players who participate in the Mixed Division exclusively. A player who plays in the Mixed Division exclusively will receive a published Mixed Exclusive (M) or Automatic Appeal–Mixed (A) rating level at year-end unless they have a valid Computer (C) rating level from a previous year on file in TennisLink. A published (M) rating level is valid to play in the Mixed Division exclusively and will be in effect for players 59 years of age or under for three consecutive years and for players 60 years or older for two consecutive years or until another published NTRP rating level is generated.

A player who plays exclusively in the Mixed Division and subsequently chooses to participate in the Adult Division must enter by using a valid Computer (C) rating from a previous year, or a valid Self (S) rating. If a player has a valid Self (S) rating, at the time of registration for the Adult Division the player will be assigned an (S) rating at the level reflecting the higher of their (S), (M) or (A) rating. If such player does not have a valid (C) rating from a previous year, or a valid Self (S) rating, he or she must self-rate with the minimum NTRP rating level being the higher of the self-rate, valid Mixed Exclusive (M), or Automatic Appeal–Mixed (A) rating.

1.04F(1)e A player who plays exclusively in NTRP tournaments and subsequently chooses to participate in the Adult Division must enter that Division by using a valid Computer (C) rating from a previous year or a valid Self (S) rating. If a player has a valid Self (S) rating, at the time of registration for the Adult Division the player will be assigned an (S) rating at the level reflecting the higher of their (S), (T) or (A) rating. If such player does not have a valid (C) rating from a previous year, or a valid Self (S) rating, he or she must self-rate with the minimum rating being the higher of the self-rating, valid Tournament Exclusive (T), or Automatic Appeal–Tournament (A) rating.

1.04F(1)f Players who do not have a valid NTRP rating level on file in TennisLink shall self-rate in accordance with the General & Experienced Player Guidelines – Supplement to the NTRP Guidelines and complete the self-rating process on TennisLink when registering for a team. Players who allow someone else to complete the self-rating process for them will be ultimately responsible and held accountable for information submitted or omitted. Failure to self-rate in accordance with the *Guidelines*, or omission of information regarding a player's tennis history, will subject the player as well as the captain and/or others who completed, assisted, condoned and/or approved an inappropriate self-rating to penalties under the [League Suspension Point System](#). Players whose self-ratings are determined to be inaccurate or inappropriate shall be disqualified. (See *Reg. 3.03E(1)a*).

1.04F(1)g Self-ratings are valid for two years from the date issued or until replaced by a dynamic or computer rating. If there is a change in their playing experience the player may appeal their rating up at that time or they may be promoted by the Sectional coordinator.

1.04F(1)h TennisLink will automatically remove expired computer and self-ratings thereby allowing individuals to self-rate. Players with expired ratings will not be allowed to self-rate at a lower level than their last valid NTRP rating level. However, when assigned an NTRP rating level by TennisLink, the player will have the opportunity to file a Self-Rate Appeal.

1.04F(1)i Each Sectional Association shall designate a committee to handle Self-Rate Appeals for those who appeal their assigned self-rating level. This committee may be the same, in whole or part, as the Sectional League Grievance Committee that handles NTRP Grievances. Players who appeal their rating and anyone acting on their behalf will abide by the Self-Rate Appeals Committee's decision without further right to appeal same, except that the Committee may reconsider its decision in the event there has been a clear factual error made by the Committee. Players granted an appeal of their self-rating may be subject to NTRP Grievance based only on newly discovered or missing information not previously considered. (See *General & Experiences Player Guidelines – Supplement to the NTRP Guidelines*.)

1.04F(1)j Valid NTRP Computer Ratings: See *Valid NTRP Computer Ratings Table*.

1.04G Player Participation Eligibility.

1.04G(1) League players may play in the USTA League Adult and Mixed Divisions during the same local league season.

1.04G(2) A player may play on only one team in an NTRP level within an Age Group in the same local league during the same season. In local leagues where NTRP levels are divided into flights, a player may not play in more than one flight.

1.04G(3) A player may play on more than one team in an NTRP level within an Age Group in the same season provided it is in separate local leagues. The Section has the authority to accept or deny participation.

1.04G(4) A Section may authorize participation in more than one NTRP level within an Age Group in the same local league during the same season.

Southern Regulation: Southern authorizes participation in more than one NTRP level as stated above.

1.04G(5) A player may play up to one NTRP level higher than the player's current NTRP level.

1.04G(6) A player who qualifies to advance to championships on more than one team may be required by the Section to choose which team he or she will represent.

Southern Regulation: Players who qualify for an Adult 18 & Over, Adult 40 & Over and/or Adult 55 & Over team(s) may advance on more than one team within an age group only if they are different NTRP levels. Players who qualify for a Mixed Doubles 18 & Over and/or Mixed Doubles 40 & Over team(s) may advance on more than one team within an age group only if they are different NTRP levels. No accommodations for scheduling will be made at any Championship for teams with players that may be competing on two or more teams during a championship.

1.04G(7) At any National Championship, if a player qualifies for two or more teams at the same NTRP level for an event, the individual must declare which team he/she will represent. In the absence of a declaration, the first match played will determine which team he/she will represent.

1.04G(8) A player may participate in only one individual match within each team match.

1.04G(9) A player who participates in the USTA League in violation of any provision of Section 1.04G *Player Participation Eligibility*, shall be subject to an Eligibility Grievance as defined in Section 3.02D *Eligibility Grievance*.

1.05 Official Ball. In USTA League matches, a standard Type 2 USTA approved ball shall be used. The use of any USTA "transition" ball is prohibited.

2.00 USTA LEAGUES REGULATIONS.

Southern Regulation: Exception to 2.05B3(b).

2.01A(2) When using combined NTRP levels, the combined NTRP rating levels of the doubles team cannot exceed the combined NTRP level in which the players are competing.

Southern Regulation: Exception to 2.05B3(b).

2.01B Men, Women and Mixed Doubles. Men's and women's leagues shall be separate at each approved NTRP level in the Adult Division. Leagues in the Mixed Division are comprised of a man and a woman who combine to play in each individual match. The local league shall determine which of these approved NTRP levels in Reg. 2.01A(4) shall be available for men, women and mixed genders in local league competition.

2.01C Competition Format.

2.01C(1) Full Round Robin. Each NTRP level within a local league may play at least one full round robin competition wherein every team plays every other team. When any NTRP level consists of only two teams, each team is required to play a minimum of three **valid** team matches, which is a triple round robin. When any NTRP level consists of only three teams, each team is required to play a minimum of four team matches, which is a double full round robin. Any NTRP level may be divided into flights and each team shall play every other team in its flight. The flight winners may enter a playoff structure to establish a local league champion for that NTRP level.

2.01C(1)a Each Sectional Association may permit additional matches, selected randomly, within a flight.

2.01C(1)b Each Sectional Association may permit additional cross-flight matches in which each team in one flight plays an equal number of matches in the other flight, selected randomly if not a full round robin.

2.01C(1)c Each Sectional Association may permit the top teams in a flight to play an additional round robin to determine advancement, and the teams without a mathematical chance to advance may play an additional round robin.

Southern Regulation: Southern authorizes the use of 2.01C(1)a, 2.01C(1)b and/or 2.01C(1)c within its local leagues.

2.01C(2) Partial Round Robin. Each NTRP level within a local league may play a partial round robin competition wherein every team plays the same number of matches against randomly selected opponents. A minimum of the top two teams shall progress to a single elimination playoff to establish a local league champion for that NTRP level.

2.01C(3) Team Match. Each team match in a local league shall consist of such number of individual matches of singles, doubles, or any combination thereof as determined by the local league. Each team must have the minimum number of players available to play the majority of individual matches. If one team does not have the minimum number of players, the opposing team will be credited with a total team default, and will win each individual match 6-0 6-0. If neither team has the required minimum number of players, the match shall be scored as a double team default, and neither team will receive credit for a win. In the case of a team default or double team default any individual matches actually played will count only for NTRP ratings and eligibility for advancement and cannot count for determining standings.

If both teams have the minimum number of players available to play, but the combination of individual defaults by the two teams would result in the majority of matches not being played, the teams must follow the procedure(s) established by the Sectional Association, to ensure that a majority of individual matches are played.

Each Sectional Association shall establish procedures to determine the 1) flight standings in the event of a team default or double team default and 2) actions to take when the combination of individual defaults given by the two teams in the team match results, or would result, in a situation where the majority of the individual matches are not played. If no such procedures have been established, the match will result in a double team default.

Southern Regulation: The first course of action would be for both captains to agree on what individual matches, based on the number of players present, or to be present, can be played to constitute a valid team match. Once that is determined, both captains will re-exchange scorecards.

If both captains cannot come to an agreement on what lines will be played to constitute a valid team match, based on the number of players present, or to be present, then the following individual matches will be assigned in sequential order to be played:

Match Format	Required Matches in Sequential Order	Minimum # of Players Required
2 singles, 3 doubles	#1 and #2 singles, and #1 doubles (priority); #2 doubles if enough players present	4
1 singles, 4 doubles	#1 singles #1 and #2 doubles (priority); #3 doubles if enough players present	5
2 singles, 2 doubles	#1 singles and #2 singles and #1 doubles (priority)	4
1 singles, 3 doubles	#1 singles and #1 doubles and #2 doubles (priority)	5
1 singles, 2 doubles	#1 singles and #1 doubles	3
3 doubles	#1 and #2 doubles	4

Southern Regulation: If both teams have enough players to play the match and it's discovered after-the-fact that a majority of the matches were not played to constitute a valid team match, both captains need to come to an agreement of what lines will be played to make the team match valid. If captains cannot come to an agreement, then the individual match(es) to be played will be assigned in sequential order in the above-mentioned table. If a captain does not comply with this regulation, then it may be considered a full team default in favor of the opponents.

If a team shows up without the minimum # of players required for the team match based on the number of players present, or to be present, it will be a full team default in favor of the opponents. Please refer to national regulation 2.01C(5) on team default procedures.

2.01C(4) Match Scoring and Formats. It is recommended that all matches be the best of three tiebreak sets with a match tiebreak in lieu of a third set. The match tiebreak shall be scored as one

set and one game for tiebreak purposes. For play at or below the Sectional level, the Sectional Association may authorize the use of other USTA approved scoring methods and other scoring methods that are compatible with the USTA NTRP Computer Rating System. Other match formats include: best of three tiebreak sets with a set tiebreak at 6-all, pro-set matches, a single set with a set or match tiebreak at 6-all and timed matches. No-Ad scoring can be used with any of the scoring methods.

Southern Regulation: Southern authorizes the use of other USTA approved scoring methods compatible with the USTA NTRP Computer Rating System.

If a Local League has a playoff, championship procedures must be used in the event of a tie. Please refer to national regulation 2.03H.

The method of awarding points in order to determine the winning team of a local league team match and the winner of the local league competition may be the same as that used in championship competition or may be another method compatible with the USTA NTRP Computer Rating System selected by the local league. (See *Reg. 2.03D Competition Format* and *Reg. 2.03E Team Match and Scoring* for championship competition.) The scoring in the event of a default or disqualification shall be 6-0, 6-0. Retirements shall be scored as described in *Reg. 2.03N Scoring of Retirements*.

2.01C(4)a Scoring of Retirements Below Championship Play. A retirement occurs when an individual match has started and a player/doubles team is unable to continue due to injury, loss of condition, emergency, or refusal to play. If a full team retirement or combination of defaults and retirements occurs, a grievance may be filed. If the grievance is upheld, the match may be declared invalid and shall be scored following the local/sectional regulations. The Section and below may impose further penalties on the defaulting and/or retiring team. Such penalties must follow the [League Suspension Point System](#) (See Regulation 3.03A(7) and 3.03D(4)).

2.01C(5) Individual Match. An individual match is defined as any singles match or any doubles match played as part of a team match.

2.01C(6) Team Line-Ups. The team captain for each team shall exchange their team line-up simultaneously prior to the beginning of the team match. No substitution may be made in an individual match after the line-up has been presented, except for injury to, illness of, or disqualification of a player prior to the start of such match and except under such further circumstances as a Sectional Association may authorize. If the substitution is made during the warm-up, the substitute player is entitled to a five minute warm-up. The default principles in *Reg. 2.03K Team Defaults* and *2.03L Scoring of Team Defaults* shall be applicable.

Southern Regulation: An individual match is started when the first ball is put in play. After the start of an individual match, if injury to or illness of a player occurs, the opponents will be awarded a retirement for that individual match only. If a disqualification occurs, the opponents will be awarded a default.

A. In the event of illness, injury, disqualification, or no-show of a player prior to the start of an individual match (once the lineup has been exchanged), a team may substitute a player in the affected position within the 15-minute default time, using a player not already listed on the lineup. If no such substitution can be made, the affected position only will be defaulted in local leagues.

B. In the event that a team match must be re-scheduled and starting times are staggered, where opponents are not available and ready to play, defaults will be awarded in the affected position only.

C. Local leagues will decide how to regulate rescheduling of team matches due to rain, inclement weather and/or USTA League-related conflicts. This includes line-up exchanges that include a defaulted court(s). If no local league regulation is in place for defaulted courts, the line-up would stand only for those positions that had started (first service attempt) the match. All other positions, even those that were in warm-up, may be changed, including defaulted courts.

D. Two players will play together in the higher position when both of their partners do not show in order to avoid two defaults. (Note: When dealing with combined levels, this would be permissible only if the two players together would not exceed the combined NTRP level.)

E. If a team defaults an entire match (as described in USTA League Regulation 2.03K) in local play, states may decide whether to allow further play by that team and how matches played by that team should be used in determining standings. A State/District may not authorize a local league to make such determination. If the state does not have a specific rule in place regarding such team defaults, it must follow USTA League Regulation 2.03L.

F. In the spirit of good sportsmanship and fair play, it is recommended that the opposing team(s) should be advised of a known default. The defaulting captain will still be able to designate at what position (2nd singles or 3rd doubles) a known default will occur.

South Carolina Regulation:

1. Ineligibility to Advance: The defaulting team is ineligible to advance beyond local league play but **must** continue to play the remainder of the local matches.

2. Recording Matches: All matches played by the defaulting team will be recorded in TennisLink for the purpose of satisfying match play requirements for opponents only.

3. Removal of Matches: At the end of the local season, all matches of the defaulting team will be removed from the stats and standings in TennisLink, UNLESS:

a. More than one full round was played in a flight. If more than one round was played, only the matches in the affected flight will be removed.

b. All teams with a mathematical chance to advance have already played the defaulting team in good faith; the matches shall stand as played when determining standings.

c. The final standings would not be impacted by the matches played against the defaulting team.

4. Grievance Filing: A grievance may be filed against the defaulting team.

2.01C(7) Order of Strength. Sections are not authorized to require line-ups to be in order of strength.

2.01D Coaching. Coaching is not permitted. Coaching is only allowed during the 10 minute rest period if the scoring format is the best of three tiebreak sets and a 10 minute rest period is provided between the second and third sets.

2.02 PROGRESSION.

2.02A Local League.

2.02A(1) Local League Competition. Each team that wins a specific level of local league competition shall be entitled to advance to the next level of competition if otherwise eligible.

Southern Regulation: At the conclusion of the local league competition and/or local playoff, the Local League Coordinator shall notify the State League Coordinator of teams advancing to the state championships based on state-set criteria.

2.02A(2) Local League Champions. At the conclusion of local league competition, the Local League Coordinator shall certify to the Sectional League Coordinator the results of the local league competition and the name(s) and address(es) of the team captain(s). Local league competition must be concluded prior to the deadline set by the Sectional Association.

Southern Regulation: State/District shall determine the progression from local league to the State Championship. State/District shall conclude their State/District League Championships to determine its State/District Champions and identify to the Section their winning teams at each level by the deadlines below:

- Adult 55 & Over League: Conclude State/District championship on or before June 1, 2026, to determine its State Champions. Teams attending must be submitted to Southern Sectional League Coordinator by June 9, 2026.
- Adult 18 & Over League (2.5/5.0): Conclude State/District championship on or before June 15, 2026, to determine its State Champions. Teams attending must be submitted to Southern Sectional League Coordinator by June 23, 2026.
- Adult 18 & Over (3.0-4.5) + Adult 40 & Over League: Conclude State/District championship on or before June 22, 2026, to determine its State Champions. Teams attending must be submitted to Southern Sectional League Coordinator by June 30, 2026.
- Mixed Doubles (18 & Over, 40 & Over) League: Conclude State/District championship on or before September 14, 2026, to determine its State Champions. Teams attending must be submitted to Southern Sectional League Coordinator by September 16, 2026.

Any State/District that cannot comply with any of these dates must seek the permission of the Sectional League Coordinator in writing. If teams are brought in early to the Section Championships for local league play, the above-mentioned dates would not apply.

2.02B Championships.

2.02B(1) District/Area Championships. Each Sectional Association shall determine and announce a method of progression suitable for its geographic boundaries for advancement of its local league teams to Sectional League Championships. Such progression may include one or more championships below the Sectional Championships.
