. PE Teacher Registration

Complete these steps to register as a PE Teacher, unlock your free equipment pack, and set up your first class.

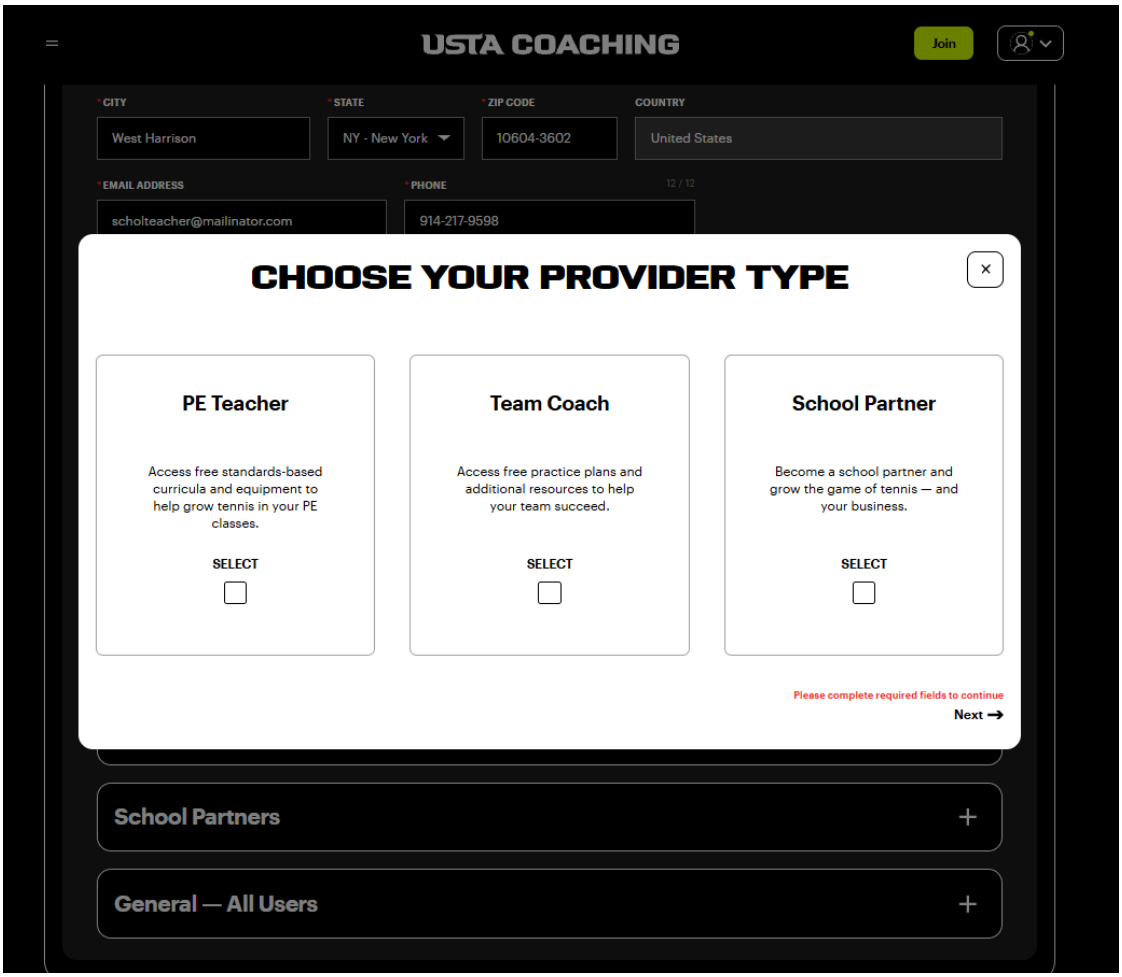

1. Go to the USTA Coaching Schools page: ustacoaching.com/en/home/account/schools-journey.html
2. Log in with your USTA account. If you already have a USTA.com account, use it here — **do not create a new account.**
3. Select **Bring Tennis to Your School.** This option appears whether or not you already have an account.
4. Scroll to **Partner Your School with USTA Coaching.**

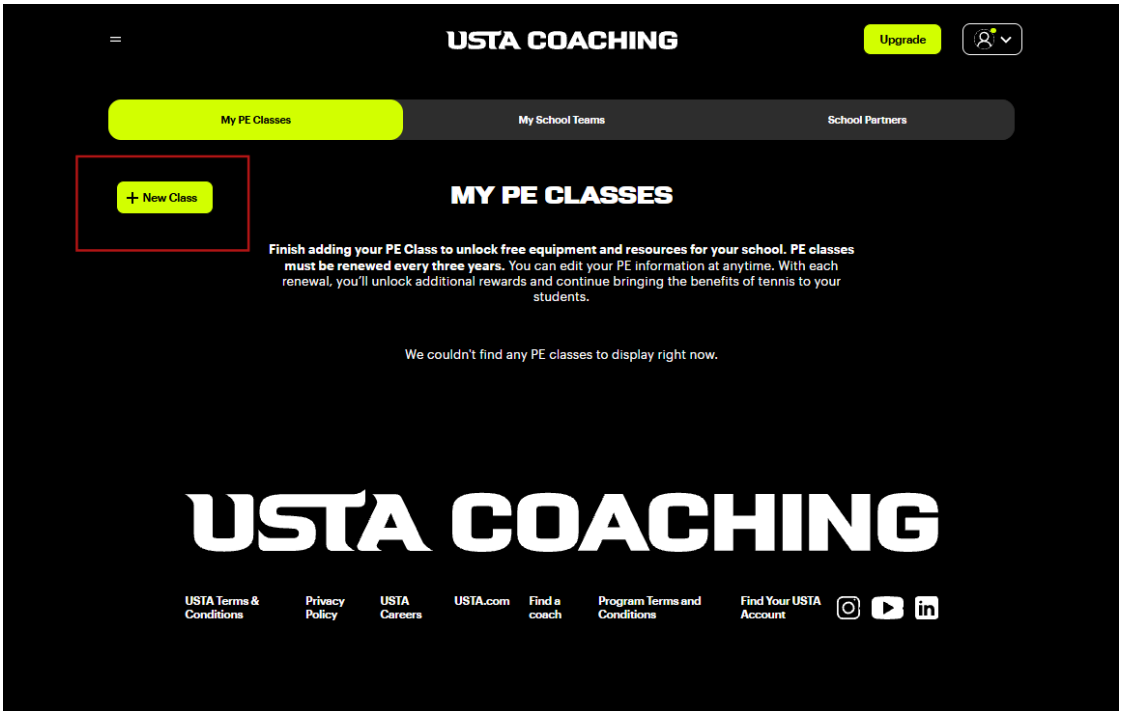

5. Enter your information. Returning users will see their details pre-populated; new users should complete all required fields.

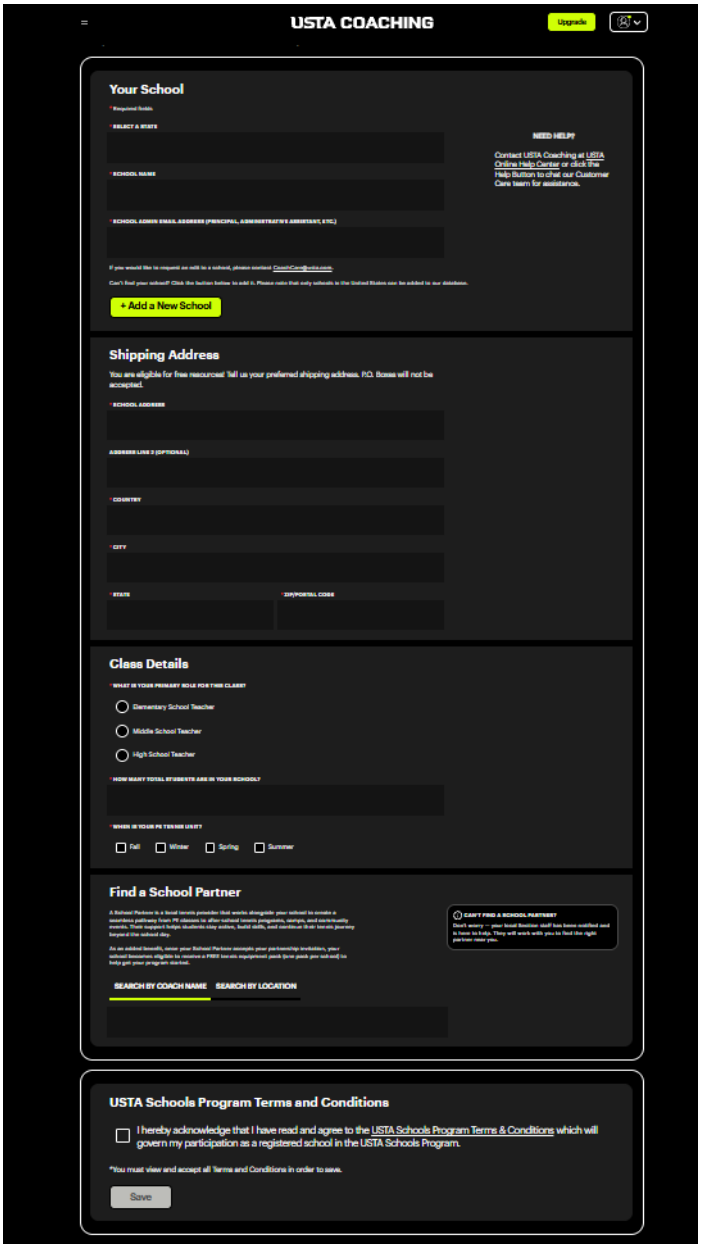

6. Agree to the Terms and Conditions.
7. Select **Bring Tennis to Your School** to continue.
8. Choose your provider type: PE Teacher, Team Coach, or School Partner.

9. Select **+ New Class.**

10. Complete the required class fields.
11. Choose your school partner. A linked school partner is required to be eligible for a free equipment kit (one kit per school).
    - Already know your partner? Search by their first and last name if they're already registered on USTA Coaching.
    - Not sure who your partner is? Search by your school's zip code to find one nearby.
    - Can't find a partner? Submit your registration anyway — USTA section staff will be notified and will reach out to help.
12. Review and accept the Terms and Conditions.
13. Select **Save.**

Good to know: You can edit your registration at any time to update partners, participant numbers, or other details. PE Unit registration must be renewed every three years.
